## Charles Square, Bracknell, RG12 1ED - 01344 474 000

We are pleased to announce that for this and subsequent sales we are using The Grange Hotel group for our quarterly auction sales. For many years from the mid 1990s to 2002 we held our sales at various Grange Hotels in central London and we are happy to be back this time at The Grange Hotel Bracknell. We feel that The Grange offers a more flexible service in terms of internal facilities, and we intend to improve our viewing facilities at the new venue. A move to Bracknell close to the M4, M25, M3 and Heathrow airport will make travelling easier for many of our room clients.

- 2183)** Halfcrown 1920 Davies 1672N struck in a hard nickel type alloy and weighing 12.43 grammes. There are 1924 trial nickel shillings, with a very rare example struck metrically weighing 5 gr. The 1672N Halfcrown listed here may also be a Royal Mint trial, when a complete elimination of silver seemed feasible. There appears to be an interesting 'privy' mark, introduced by a thicker down stroke to the 'D' of 'Dei' with the top serif of this 'D' being double struck. The border bead above is also oversized (wider). This would be an odd occurrence for any counterfeiter, especially on top of striking perfectly die-cut, but lightweight coins in this hard metal, and having excellent milling. A similar example was listed in Auction A151 6/12/2015 (Lot 2687, weight 11.92 grammes, realised £120 hammer price), the description then stating that only 6 of these examples were then known to the vendor Near Fine/VG a highly unusual type, comes with Colin Adams collection ticket (**£50 - £150**)

Our archive database stretching back to 2003 shows that this is only the fourth example we have offered, so possibly rarer than the Davies catalogue would suggest (**£40 - £80**)
- 2186)** Halfcrown 1923 ESC 770 AU and graded 75 by LCGS (**£25 - £35**)
